ASST. SECRETARY TO GOVERNMENT
24 DEC 1947
EDUCATION AND PUBLIC HEALTH DEPT.

Gn 10069/47-1
5.1.48

To

The Secretary to Government,
Education and Public Health Department, Madras.

Roc. *No.* 9490-A4-46 *dated* 19 - 12 - 1947.

Sir,

Sub: Medical Institutions - Rural subsidised Dispensaries - opening of-Transfer of -- provision made for Naravi,Pethri and Mundkur to Shirtady, Guttigar and Kanuyur - Reply requested.

Ref: Government Order No.Ms.1903-P.H. dated 2-6-47 and Government Memo.No.56852-G2-47 P.H. dated 29-7-47.

Enclosures_____.

_____.

_____.

Spare Copies_____.

As Medical Practitioners of Modern Medicine are not available to fill up the vacancies of Rural Medical Practitioners in the five new Rural Dispensaries sanctioned in G.O.No.Ms.1903 P.H., dated 2-6-47, they have been temporarily converted into dispensaries of Indian Medicine as directed by Government in their Memo.No.--56582-G2-47-2 P.H., dated 29-7-47, and the Dispensary at Panathady was opened on 1-12-47 by the appointment of a Medical Practitioner possessing the L.I.M.qualification.

2. Attempts are being made to secure the --- services of another Medical Practitioner having the L.I.M. qualification for the dispensary at Kollur.

3. The 3 dispensaries sanctioned for the three places viz., Naravi, Pethri and Mundkur are proposed to be transferred to Shirtady, Guttigar and Kaniyur respectively for the following reasons:-

(a) Naravi(Karkal taluk):- A dispensary of Modern Medicine opened at Naravi some years back had to be closed on account of very poor attendance. It is proposed to locate the proposed dispensary at --- Shirtady(Karkal Taluk) a village which is more central than Naravi. If a Dispensary is opened here, it will serve about 12 villages within a distance of 1 to 5 miles from Shirtady. There is a Panchayat Board in the village and the President has come forward with a suitable building for housing the Dispensary. The ø representation of the public for a Dispensary there referred to in -- Government Memo.No.57835-47-G2-47, P.H., dated 17-7-47- was replied in this office L.Dis.C.No.10762-47 dated 8-8-1947

P.T.O.

(b) Pethri and (c) Mundkur:- Private Medical Practitioners have settled at these places and as the policy of Government is not to sanction the opening of Rural Dispensaries at places where private Medical Practitioners have already settled down vide G.O.No.1388-P.H., dated 28-6-1932 and G.O.No.3483, P.H., dated 1-10-38, it is proposed that the provision made for Pethri and Mundkur may be transferred to Guttigar and Kaniyur respectively. Guttigar in Puttur taluk is on the border of the western ghats. It is a malarial tract just like Subramania and the representation of the residents to have a L.F.Hospital there referred to me for remarks in Government Endorsement No.687-47-1-G2- P.H., dated 16-9-47, has been replied to in this office L.Dis. on C.No.17160-47 dated 5-12-47 through the Surgeon General with the Government of Madras.

Kaniyur in Puttur taluk is a centre of village reconstruction. The committee is very earnest in having a dispensary there and many surrounding villages are expected to be benefitted by it.

4. As required by G.O.No.2072- P.H., dated 17-4- the Collector of South Kanara was consulted as regards the suitability of the above proposed sites and he is agreeable to these proposals (vide his L.Dis. 15195-47 dated 12-12-47 copy enclosed).

5. I request therefore that Government may be pleased to accord early sanction for the transfer of the provision of Rural Dispensaries from Naravi, Pethri and Mundkur to Shirtady, Guttigar and Kaniyur respectively.

For Special Officer.

USB/22-12-47.

Sir,

R.No.3951-H/48 dated 18th February 1948.

Subject.- Medical Institutions - Rural subsidized Dispensaries - opening of - transfer of - Provision made for Naravi, Pethri and Mundkur to Shirtaly, Guttigal and ~~Manuyur~~ Kaniyur.

p4 above — Reference.- Government endorsement No.100691-G2/47-1 P.H., dated 10th January 1948.

Naravi is more deserving of a dispensary as it is at the foot of the Ghat and will serve all the villages and hamlets in this area but as mentioned by the special officer that it may be difficult to get a medical man to settle down in this area, it is therefore suggested that when funds permit a regular Local Fund Dispensary should be opened at Naravi, but for the present if a Medical Practitioner is available to work at Shirtadi I have no objection to locate the Rural Dispensary at Shirtadi.

Pethri and Mundkur.- These are areas selected for Rural Dispensaries as the need for the same was felt. The mere fact that Practitioners have

p.t.o.

settled down there down there does not help the poor in the locality. It is suggested that an option may be given to the Medical Practitioners who have settled down there to convert themselves as Rural Medical Practitioners. • But in view of the fact that Pethri is located within a radius of 5 miles from Bhramavar where the question of opening a village centre under the post-war scheme is contemplated the shifting of the dispensary from Pethri to Guttigar may be taken up but Mundkur should have a dispensary and if the Medical Practitioner is not willing Kanuyur may be selected.

(T) As per G.O.No.2072 P.H., dated 17th April 1941 the District Medical Officer concerned is the proper authority to be consulted by the Special Officer for selecting suitable sites for opening Rural Dispensaries of modern medical science.

Your obedient servant,

for Surgeon-General with the Govt. of Madras.

The SO DMPO S. Kanara

Copy to the SG

Depot
R.D. 15.3.48

Note:- The DMO has to be consulted only for
location of dispensaries of modern medicine.
In the case of dispensaries of Indian medicine,
it is enough if the Collr is consulted. Apparently
from the fact that the SO has obtained the Collr's
opinion it is the intention only to open Indian
Medicine especially as there is the dearth for
medl men of modern medicine. The SO may however
be consulted. The draft above is for approval.

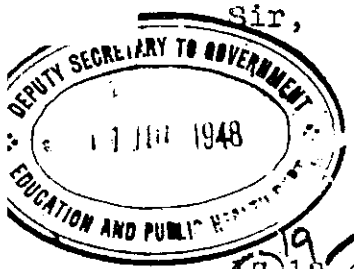
Madras.

Sir,



Sub: MEDICAL INSTITUTIONS - Rural Dispensaries at Naravi and Mundkur - Reply sent.
Ref: Govt.Memorandum No.100691-47-6-G2-PH.dated 8-6-48.

In para 3(a) of this office letter Roc.9490/46 dated 17-12-47, it was stated that a Dispensary once opened at Naravi had to be closed on account of poor attendance. The Dispensary opened at Naravi was transferred to Venoor as per G.O.No.Ms.2467 P.H.dated 11-7-39. Further the villagers of Naravi do not seem to be interested in providing a suitable building for housing the Dispensary and this will be clear from the recent petition of the villagers (dated 13-6-48 enclosed). The president of the Shirtady Panchayat Board however has promised to provide a suitable building for housing the Dispensary at Shirtady. The location of the Dispensary at Shirtady being more central will serve the needs of about 12 surrounding villages including Naravi.

2. In view of the above facts the question of transferring the provision of the Dispensary from Naravi to Shirtady may be favourably considered by Government as already stated in this office Roc.9490/46 dated 19-12-1947.

3. With regard to para 2 of the Government Memorandum quoted above, it is submitted that there are two registered medical practitioners at Mundkur, i.e. Sri H. Krishnananda Gadiyar, L.I.M. Registered A. Class and Sri A.M. Venkappaya, Registered in B.Class both of whom are willing to take up work in the dispensary if one is to be opened. From the figures furnished by the above medical Practitioners, it is seen that Sri Venkappaya has treated more patients during the last 3 years than Sri H. Krishnananda Gadiyar.

Memorial submitted by the residents of Idu, Naravi, Mantradi, Nooralbettu, Nellikar, Marodi, Kuthloor, Kokradi, Valpady, Panapil, Mala, Kudyadi, Navara, Sulkeri, Shirlal, Tenku Karandu, Badagakarandur and Pilva.

Subject: Opening of a L.F.Dispensary at Naravi.

Sir,

The above-mentioned villages are all subghat villages without any medical facilities. Karkala and Moodabidri where medical aid is available are 15 miles away from Naravi. Malaria is rampant in the above villages from the month of April to October. The people residing in the above villages are quite unhealthy and on account of anemic condition of the people the cultivation suffers terribly. In the said villages there are no qualified medical practitioners at all.

The mortality at the time of child-birth and also of infants is very great for want of pre-natal and post-natal medical aid,. On account of rivers which have no bridges the above-mentioned villages are like islands completely cut off from big towns like Karkala and Moodabidri where alone medical aid is available.

The said villages are very close to reserve forests rain-fall is heaviest in these villages.

Therefore we humbly request that a L.F.Dispensary with a fully equipped maternity ward may kindly be opened to save these villages from cpmplete annhilation.

Order 2961 PH Dated. 31.8.48
Ms.

In the circumstances stated by the SO, Dh Pol, South Kanara in his letters no Roc. 9490/A4-46 Dated. 19.12.47 and 4.8.48, the Govt approve his proposals to shift the subsidised rural dispensaries of modern medicine at Naravi, Mundkur and Pethri and to Shirtady and Guttigar and Kanijur respectively. The S.O. is requested to take steps to open these rural dispensaries at an early date by inviting applications from medical practitioners of modern medicine. If medl practitioners of modern medicine are not however readily available

~~facilities & dispensa~~. the S.O. is informed
that these dispensaries may
be temporarily converted into those of
Indian medicine and placed in
charge of practitioners of that system
till medical practitioners of modern
medicine become available. The
practitioners of Indian Medicine so
appointed should be clearly made to
understand that the change would
only be temporary and that they
would be replaced by practitioners
of modern medicine when they become
available. For the sake of convenience,
their period of service may be fixed
at one year to begin with, extensions
being granted, if necessary, for
further periods not exceeding one
year at a time.

2. As regards the rural dispen-
sary at Mundkur, the Govt do not
approve the proposal of the S.O. to shift it
to Kaniyur. The S.O. is informed that
the rural dispensary at Mundkur
should be opened at an early date by
asking one of the medical practitioners
settled down in the village to take up
the work in the dispensary.

2. 3. In view of the importance of

Vide Para 4/ante

Narain the SO is requested to consider in the case, the question of opening a regular dispensary at this place.

Sub:- Medical Institutions - South Kanara Dt. - Rural dispensaries at Navari, Pethri and Munakur. Transfer to Shirtady, Kultigar and Kaniyur - Proposals.

1; 1-2-1
Jro 100691 G2/47 Ref:- From the SO DHPH. S Kanara Roc. 9490-A4/46. d/19.12.47.
From the SG no. R 3951. H/48 d/18-2-48.
From the SO DHPH Roc. 9490. A4-46 d/6.3.48.
d/2.5.48.
SG Jn R. 3951 H/48 d/12-5-48

In Jro no 1902/PH dated. 2.6.47 the Govt sanctioned the opening of rural dispensaries in the South Kanara Dt. among others, at the following 5 places:-

1. Kollur - ✓
2. Panaltharkadi ✓
3. Navari ✓
4. Pethri ; and ✓
5. Munakur. ✓

As it was reported that medl practitioners of modern medicine were not readily available for these dispensaries, the Govt in their Memo no. 58852 G2/47 PH dated. 29.7.47 permitted the SO DHPH S. Kanara to convert these rural dispensaries into those of Indian Medicine, wherever necessary, until practitioners of modern medicine became available.

2. In this letter at pgs 1-2 the SO DHPH now reports that of the 5 rural dispensaries mentioned above, the dispensaries at Panaltharkadi and Kollur have since been converted into those of Indian medicine and that the former has also been opened since by the appointment of a L.I.M. The dispensary at Kollur, it is stated, will be opened as soon as a L.I.M. is secured. As regards the remaining three dispensaries viz Navari, Pethri and Munakur, the S.O. requests.

that they may be transferred respectively to Shirtady, Guttigar and Kanigur. It is observed that it is the intention of the DHB only to have dispensaries of modern medicine at these 3 places and that they be converted for the first present, into those of Indian medicine the medl men of the modern medicine are easily available. The SG's remarks in the matter are at pp 5-6 cp. The proposals are examined below:-

3. Navari :- ~~The SG~~ This stated that Navari is situated at the foot of the Ghats and therefore it is considered difficult to get a medl practitioner to settle down in this area. The SG therefore suggests that the provision for this dispensary may be shifted to Shirtady. The Panchayat Board of the place, this observed is willing to offer a suitable building for housing the dispensary. The SG is of the opinion that Navari is more deserving of a dispensary, but in view of the difficulty to get a medl practitioner he agrees to shift it to Shirtady provided a medl practitioner is easily available. He also recommends that a L.F. Dispensary may be opened at Navari, in view of its importance, when the funds of the DHBoard permit. In view importance of Navari the DHB may perhaps be advised to sanction ~~this of Circumstances it is for orders whether this~~ funds to attract medl men to take up the work. If the DHB is not in ~~SG's recommendations may be accepted~~ with the alternative

4. Pethri It is stated that a medl practitioner has already settled down in the place and that therefore the provision for the dispensary at this place may be shifted to Guttigar. Though the SG does not agree to ~~this proposal for~~ this reason he recommends that in view of the proposal for opening a village centre at Bhramavar at a distance of only 5 miles from the place in question, the provision for th

dispensary at Pethiri may be transferred to Guttigar. In the circumstances the SG's recommendation may be accepted.

Mundakur :- As regards this place also the SO requests that the provision may be transferred to Kanhangad as a medl practitioner has already settled down in the village. Generally a rural dispensary should not be opened in a place where there is already a practitioner settled at the place. The S.G ~~therefore~~ states that this village was selected for opening a rural dispensary as there was really a need for it and that therefore the provision for this dispensary should not be shifted to Kanhangad merely for the reason that a private medl practitioner has settled down in the village. He therefore suggests that the private practitioner at the place may be asked to take up the work in the rural dispensary if he is not however agreeable, the SG states that the provision may be shifted to Kanhangad as requested by the S.O. In the circumstances this Dept may agree to the SG's views in this regard also.

4. As requested by the SO, the proposed dispensaries may be permitted to be converted into those of Indian medicine, temporarily if medl practitioners of modern medicine are not easily available. The proposals do not involve any extra provision. F.A and Finance may see.

Before passing final orders in this case it is ~~worth~~ very desirable advisable to ascertain the views of the S.O. with regard to the points raised at 'A' on p2 N1 and 'Y' on p3 N1. Subject to orders a draft memo is submitted for approval.

5.6.48

Issued as Memo No. 120691 G2-48-6 dt D/8.6.48

From the SO Dk PM S. Kanara No 9490.46.A4 D/4.8.48

p.33 N

With reference to 'A' on p2 above the SO Dk PM is strongly in favour of shifting the rural dispensary at Navari to Shirtady for the reasons explained by him on p33 N. He is not for ~~restoring~~ retaining the dispensary

at Navari itself by agreeing to pay an addl subsidy for the RMP, if necessary. In the circumstances this Dept need not object to the proposal to shift the rural dispensary from Navari to Pethai. Shd Govt agree

2. With ref to 'g' on p3 above the SO reports that there are 2 medical practitioners of Indian Medicine at Mundkur who are willing to take up appointment in the rural dispensary at this place, if one is opened. As recommended by the SG the SO may be asked to open the rural dispensary at Mundkur as early as possible by asking one of the two Medical practitioners mentioned by him to take up the work. 18/8

3. Subject to orders a draft order submitted for approval.

HM(PH)

Since there are two medical practitioners already at Mundkur, it will be better to have the rural dispensary at Kaniyur as recommended by the special officer of the Dt. Board on 19-12-47. At Kaniyur the local people are doing some rural reconstruction work & they are eager to have a dispensary. It is an interi village where medical aid is not availab
